TORRANCE SCHOOL NOTES

Arthur Gould, assistant superintendent of schools, made an official visit to Torrance one day this week.

Dr. Bennett, of the Health Department, gave an illustrated talk on "Good Posture" to the seventh, eighth and high school girls.

This is Good Posture Week. Monday each student was given a tag which is to be confiscated if he is found in poor position. All are striving to keep their tags.

The enrollment of the elementary and high schools has increased to 613.

The seventh grade is now so large that it has been necessary to divide the class.

The truant officers have been making their regular visits here.

Mrs. Morse, the new high school teacher, has been ill for several days. Mrs. Young will have charge of her classes until she is able to return.

The Parent-Teachers' Association will hold their regular business meeting at the school Wednesday, March 14.

The Senior class, accompanied by Mr. Barnett, will spend Monday visiting the colleges of Los Angeles. The trip will assist the members of the class in making their choice between going to work and going to college.

Arbor Day was celebrated with an appropriate program by the school. The Torrance Woman's Club presented two carob trees to the school. The kindness of the club is appreciated by the faculty and pupils.

Torrance peace officers request that the public co-operate with them in keeping Torrance free from crime as they cannot be in every place at once. If you see someone acting suspiciously, notify the officers. In the day time call the City Hall and at night the Roi Tan Cafe until 10 o'clock or Smith Cafe, which keeps open all night. Report all cases of burglary promptly so that the officer may know to whom any article they recover may belong.

COLDS-

"I have never known a cold to develop into pneumonia while under adjustment. A cold is usually broken following the first adjustment. Subsequent adjustments clear up the cold symptoms.

Pneumonia will respond to the first adjustment in the majority of cases, and seldom more than several adjustments are necessary to break the fever. Chiropractic adjustments are the best prophylactic against colds and pneumonia known to-day. If you are in the habit of contracting bad colds, or fear pneumonia, call 121-J to-day for an appointment."
